

# Being with Toddlers

It's the smiles for us. There's nothing we love more than seeing those happy, smiling faces as toddlers discover and learn about the wonders of the world. Consistency of care and learning in a safe and secure environment with predictable relationships and daily rhythms is what Being with Toddlers is all about.

Being with Toddlers offers important social and emotional development and learning, which is key as your child grows and develops towards school age. The program supports your child as they become themselves, develop friendships and understand relationships with others. We want them to explore, discover, and grow as they make sense of their world.

## Aspire to be brave

As a parent, you've already seen your child's personality emerging. We provide a safe and nurturing environment where the focus is on consistent routines and relationships, coupled with learning experiences that help them develop key social and emotional skills. The program

has the right balance of security and challenge to support your toddler in discovering their own interests and strengths.

## Aspire to be curious

Toddlers are active learners, so our learning experiences are based on play. Learning through play sparks their curiosity and natural desire to explore and discover. While they are busy playing, the experiences also support the development of their language and social skills. When toddlers learn through play, they are role-playing the real world. These are building blocks of a nourishing early education experience.

**Be brave. Be bold. Be curious.**

### Aspire to be valued

Every child is different. Individual, positive, and safe interactions are our focus. Our qualified Educators understand that being a toddler is an important stage of rapid growth across all developmental areas. They support your toddler to thrive through specialised knowledge and commitment to their unique care and learning needs.

### You, your toddler, and Guardian

Our partnership with families in early childhood education is fundamental to helping children thrive in their formative years.

We understand the need for consistency and safety in routines and relationships.

We want you to feel confident and recognised as primary carers and educators. Our Visible Learning Program shows your child's learning for the day at pick up.

Our programs focus on learning through play. They're built on world-leading research into early childhood education.

Most of all, we love what we do. We love children, and we're passionate about their growth and development.

Our programs deliver on the Early Years Learning Framework (EYLF) and the National Quality Standard (NQS) for childcare.

**Being with Toddlers is for children aged two and three.**

**Come and talk to us today to find out how Being with Toddlers gives your child a place to growth and thrive.**
